

The Bible in Stone Revealed!

Like myself, E. Raymond Capt had an early career as a builder before he switched careers. For the last 50 years of his life (he passed away in 2008 at the age of 92), Ray was a practicing archeologist with numerous professional honors to his credit. Ray's work was not limited to unearthing new finds, but also to sorting through the evidence of previous discoveries in order to shed new light on the Bible. That was his passion and this book is an excellent testimony to his skill and dedication. Mr. Capt has made this arcane subject eminently readable with his uncomplicated prose and by the inclusion of hundreds of photos, charts and diagrams.—Dr. James W. Bruggeman
